Inland Steel Company began producing foundry and malleable grades of pig iron—the grades needed for the Veterans Emergency Housing program—this week, under the stimulus of the premium payment plan for such iron. Its furnace at East Chicago, Ind., capable of producing 20,000 to 24,000 tons monthly, was shifted from other grades after War Assets Administration sold Inland another blast furnace, which was among 50 Defense Plant Corporation plants previously ordered "frozen" by National Housing Expediter Wilson W. Wyatt.

Foursquare To Conduct Yule Party On Dec. 20

Sunday school Christmas tree program of the Torrance Foursquare church, located at 1207 El Prado, will take place Friday Dec. 20 at 7:30. A good program has been arranged by all departments, and there will be Christmas treats for everyone. Sunday night at 7:30 p.m., Dec. 22, the Crusader Youth of the church will present a beautiful Christmas play entitled "A Gift for the Christ Child." The cast follows:
"Mr. A. Richwon," Bob Byers; "Mrs. Richwon," Janet Byers; "Eva Richwon," Ruby Sizemore; "Mrs. Kneedy," Juanita Siratt; "Anna Kneedy," Melva Sizemore; "The Christmas Spirit," Charlene Johnson; "The Spirit of Ages," Beverly Lockhart; "The Wise Men," Robert Pedersen, Archie Bell, Rano Sullivan; "Early Christians," Bill Seers, Doris Seers, Ruth Ballard, Richard Floyd; "Mary," Lela Wade; "Damen," Walt Kinsey; "John," Bud Ballard; "A Missionary," Bill Pursell; "Native Girl," Donna Chapman.

State School Aid Will Increase In Fiscal Year 1947-48, Report

Los Angeles County's elementary and high school districts will receive considerably more out of the state treasury for 1947-48 than the \$35,214,421 which the county school districts are receiving for the current school year, California Taxpayers' association said today. For the present school year, the high school districts of the county are receiving \$11,578,756, based on 129,380 average daily attendance and a statewide average of \$90 plus per pupil. The elementary school districts are receiving \$23,635,665, based on 298,420 average daily attendance and a statewide average support of \$80 plus per pupil. Over the state as a whole this year the elementary and high school districts are receiving \$97,875,504. Of this, \$29,793,514 is for high schools, based on 322,055 attendance, and \$68,081,990 is for elementary school districts, based on 822,907 average daily attendance. For 1947-48 and thereafter, the amendment to the state constitution adopted on November 5 provides that the state average support be \$120 per pupil, with \$90 per pupil and \$2,400 per year guaranteed to every district. Beyond these terms, decision on final apportionment of the fund made up of \$120 per pupil in attendance throughout the public school districts in the state will be made by the coming legislative session. "The people on November 5 voted about \$55,000,000 a year increase in state support for their local school districts," the Taxpayers' Association said. "In districts where expenditures are already adequate, citizens and school boards could well use their new state money for reduction of district taxes. "Whether this additional state money is used entirely for increases in school expenditures or whether some of it is used to reduce local taxes, is up to the people locally."

HOUSING POSTERS

Two new posters have been distributed by the National Housing Agency for use in the Veterans Emergency Program. One, entitled "Will It House a Veteran," is an appeal to builders and owners of existing structures to postpone contemplated remodeling that can be delayed unless the remodeling will produce homes for veterans. The other, entitled "Play Fair With the Veterans," points out the necessity of obtaining authorizations before construction work is begun.

OUR NATIONAL PARKS

Hot Springs, Ark., in development since 1832, is the oldest of our National parks and noted for its hot springs, curative properties. Yellowstone park in Wyoming was established in 1872. This park system includes at this time 25 such reservations. Others in the group include the Yosemite, Mount Rainier, the Crater lake in Oregon, Mesa Verde in Colorado, Grand Canyon of the Colorado, the Mammoth Cave in Kentucky, the Carlsbad Caverns in New Mexico

Suggestions for holiday travelers

- Start your holiday trip as soon as possible to avoid the rush during Christmas week.
- Make reservations as soon as possible.
- Be sure to tag your luggage with proper identification.
- Check all surplus luggage for handling via baggage service.

By following these friendly suggestions you will help us accommodate as many travelers as possible this holiday season, and enable us to do our best to serve you with the equipment that is available. Thanks for your cooperation.

Jewish Center To Hold Hanukkah Party On Dec. 22

The South Bay Jewish Community Center, 112 1/2 N. Catalina ave., Redondo Beach, is extending invitations to all members and friends to attend a Hanukkah party Sunday, Dec. 22, at 7:00 p.m. Refreshments will be served; there will be entertainment, music and dancing, and a good time is guaranteed all those who attend this timely affair. A children's Hanukkah party will be held Sunday morning Dec. 22, at 10:00 o'clock, and ice cream, cake and candy will be provided by the committee in charge.

Hanukkah, or Festival of Lights, has come to enjoy an ever-increasing role in Jewish life and tradition. Historically speaking, it harks back to the military victory of the Maccabees over the Syrian forces in Palestine in the year 165 B.C.E.—a victory which made possible the restoration of the ancient temple in Jerusalem to the worship of the One Living God.

'Saviour Is Born,' Color Film, To Be Shown In Church

Micah prophesied the coming of Jesus, "and He shall stand and feed in the strength of the Lord... and His name shall be great unto the ends of the earth." The unfolding wonder and mystery of His birth is the great theme of Christendom at this time of Advent.

A color motion picture, portraying the prophecy, the announcement and birth of Jesus, will be shown Friday evening at 7:30 in Central Evangelical United Brethren church, Marcelina avenue at Arlington. The film, "A Saviour Is Born," is a recent production of the Foundation Films Corporation. This organization is devoting all of its resources to the production of Biblical dramas, reverently and accurately portraying the Bible text.

Preliminary to the picture, the choir, under the direction of Miss Lorraine Schroeder, will present a program of Christmas music. Mrs. Paul Findley will assist at the piano. Solos will be rendered by Mrs. Catherine Boeller and Mrs. Irene Sage. Various members of the Sunday School will participate in a brief program, and the traditional Christmas treat will be given to the children. Christmas Sunday morning sermons will be brought by Rev. H. Wesley Roloff, pastor of the church. At 9:30 his topic will be, "The Power of Christmas." The 11:00 o'clock subject will be "Make Room for the King." Evening services will be dismissed in order that worshippers may share in special services conducted in other local churches.

Open Three Bids For Hyperion Sewage Plant

Three bids were opened Thursday by the Board of Public Works on the contract to build the first major unit in the proposed activated sludge sewage treatment plant at Hyperion. They ranged from \$1,376,804 to \$1,745,359. The cost estimate was \$1,000,000.

The lowest offer was by Guy F. Atkinson Co. The bids were referred to the engineering bureau for checking and analysis. The unit, of reinforced concrete, to be known as the headworks building, will be 320 feet long and 40 feet high in the center of three sections, which will house chlorination equipment, screens and other apparatus for the first stages of sewage treatment.

Approximately nine months will be required to complete the building, cost of which will be borne by city sewer bonds and state funds. Two other large jobs in connection with the sewage disposal already are under way. One is the building of the submarine outfall sewer line into the sea and the other removal of sand and other excavation work for building of the main plant.
